ABSTRACT

This guide is intended to help financial aid administrators (FAAs) interpret student financial aid information that appears in the Student Aid Report (SAR), a paper output document sent to the student, or in an Institutional Student Information Record (ISIR), which is an electronic record sent to the institution. The guide explains the codes and flags that appear as FAA information on the SAR and ISIR. The guide is organized in three sections: (1) an introduction, which covers major system changes, the processing flow and processing system, transactions, and highlights and assumptions; (2) information summaries for SARs and ISIRs, which provide FAA information, including agency source, record type, various kinds of flags, special handling, reject reasons, intermediate compute values, and comment codes; and (3) corrections and updates, which includes various information review and request forms, parent information, school code corrections, and dependency status changes. Appendixes include reject codes and reject reasons; data base matches and flags; financial aid history match flags; 1999-2000 comment codes and text; addresses; sample SARs and SAR information acknowledgment; and sample ISIR. ACTION LETTER
1999-2000

Action Letter #5
December 1998

GEN-98-30

SUMMARY: This letter transmits A Guide to 1999-2000 SARs and ISIRs

Dear Colleague:

This letter transmits A *Guide to **1999-2000 SARs and ISIRs***. The Guide contains information to assist you in interpreting the codes that appear on the Student Aid Report (SAR), which is sent to the student, and the Institutional Student Information Records (ISIRs), which are sent directly to institutions by the Central Processing System (CPS).

Each type of student record contains summaries of information that the student reported using one of the application formats: the paper or electronic Free Application for Federal Student Aid (FAFSA), the paper or electronic Renewal FAFSA, FAFSA Express, or the Web versions of the FAFSA and Renewal FAFSA. An information section for financial aid administrators appears on each type of output and identifies the student's eligibility results using a series of flags or codes. Although some of this information is available elsewhere, *A Guide to **1999-2000 SARs and ISIRs*** centralizes and explains the flags and codes in a format that can be updated or supplemented as necessary.

We hope this guide will be useful to you in assisting students to interpret their processed application data and make corrections when necessary.

Sincerely,

Greg Woods
Chief Operating Officer
Office of Student Financial Assistance Programs

I. INTRODUCTION

This guide will assist financial aid administrators (FAAs) in interpreting student information, whether the information appears in a Student Aid Report (SAR), which is a paper output document that is sent to the student, or in an Institutional Student Information Record (ISIR), which is an electronic record that is sent to the institution.

The term ISIR refers to all processed student information records that are sent electronically directly to institutions by the Central Processing System (CPS). SARs and ISIRs contain the same processed student information in different formats.

ISIRs are records sent to an institution through the Electronic Data Exchange (EDE), the Department's electronic service that allows institutions to send and receive electronic applications and corrections to and from the CPS. Drafts of the 1999-2000 ISIR layout for institutions and state agencies have been provided at conferences beginning in July 1998, and can be downloaded from the IFAP web page in portable document format at: http://ifap.ed.gov

This *Guide to 1999-2000 SARs and ISIRs* explains codes and flags that appear as FAA information on the SAR and ISIR. Each code and flag described in the guide—rejects, database matches, comment codes, and so forth—has the same meaning whether it appears on a SAR or an ISIR. The format for presenting the codes may vary slightly for each type of output.

Although the changes to the design and data elements on the 1999-2000 Free Application for Student Financial Aid (FAFSA) have required corresponding changes to the SAR and ISIR, we made very few changes to the 1999-2000 application processing system. Much of the information in the SAR/ISIR guide remains the same as for 1998-99.

1999-2000 Major System Changes

Changes to CPS Edits

Changes to the CPS reject edits include the following:

Rejects 2 and 3, which apply when insufficient income information is provided on an original application or a Renewal Application respectively, have been combined into a single reject which will be Reject 2.

Reject N, which is triggered when either the applicant's first name or last name is blank, will no longer apply to Renewal Application records.

Reject 8 has been added for records which are returned from the Social Security Administration match with the SSN confirmed as belonging to a deceased person.

Other rejects associated with inconsistent asset value and debt information have been eliminated as they no longer apply because the questions on the FAFSA have been changed to reflect net worth for each asset field.

Changes to the assumptions performed by the CPS include the addition of a new assumption that student's number of family members is equal to 1 when the student's marital status is not married and legal dependents other than a spouse is "No." Assumptions have also been added to assume the Earned Income Credit fields to the maximum allowable amount when an amount greater than the maximum has been reported.

Students who are using FAFSA Express, FAFSA on the Web, or Renewal FAFSA on the Web will be able to set the assumption and reject overrides that currently can be set by the financial aid administrator when using EDExpress. When data entered hits one of the assumption or reject edits, a screen will display that prompts the user to review the information and either correct or confirm it.

Two changes have been made to correctable fields. The student's title field has been replaced with the "Are you male?" question. This will be a correctable field. The Early Analysis flag that is set on FAFSA Express and FAFSA on the Web records for early admission filers will be correctable through EDExpress for 1999-2000.

New edits have been added which use the aggregate loan information provided by NSLDS to identify students who are either within one annual loan limit of the maximum aggregate for their grade level, or have exceeded the maximum aggregate for their grade level. A comment will appear on the SAR/ISIR for both edits and a SAR "C" code will appear if the maximum has been exceeded.

Changes to CPS Matches

As described in 1999-2000 Action Letter #3 (GEN-98-26), we have added a new database match with the Department of Veterans Affairs to confirm a student's claim to be a veteran. This match will be implemented at startup of the 1999-2000 processing system on January 15, 1999. See Appendix B for information on the various flags, comments, and resolutions.

By May of 1999, we will implement a new match with the Social Security Administration (SSA) and expand an existing match. These matches will be conducted on 1999-2000 financial aid applicant records and will be made against the SSA's date of death field and it's Prisoner's File. These matches are intended to detect when someone might fraudulently be attempting to receive Title IV aid.

Match with Date of Death Field: The current Social Security Number (SSN) match with the SSA will be expanded to include the SSA's Date of Death field. This field is maintained by SSA and is updated when the SSA is notified of an individual's death. When a date of death is provided to ED through the SSA match, applicants will receive a rejected SAR/ISIR (Reject Code 8) and a comment (Comment 145) telling them that SSA records indicate their SSN belongs to a deceased person. The SSN Match Flag will be 5. If the SSA's records are incorrect, the applicant **must** resolve the error with the SSA. Once the SSA corrects its records, the student must re-enter his or her SSN on the SAR/ISIR and have the CPS perform the match again so that a new SAR/ISIR can be generated with updated match results. As with other SSA match results, if a student entered an incorrect SSN on the FAFSA, the student must correct the SSN on his or her SAR or ISIR, or on a new FAFSA, as appropriate, and the CPS will run the match again. See Appendix B (Social Security Number match) for further information.

Match with Prisoner's File: ED will also implement a separate match against the Prisoner's File maintained by the SSA. While the details of this match are still being finalized, it is likely that ED will provide a comment on the student's SAR/ISIR about the type of prison facility the student is incarcerated in (i.e., federal, state, local) and the approximate date the inmate will be released from prison. A SAR "C" Code will also likely appear on the SAR/ISIR. Although students incarcerated in federal and state prisons are ineligible for Federal Pell Grants and Title IV loans, they may be eligible for state funding; therefore, a match with the SSA's Prisoner File will not result in a rejected record. When procedures for this match are finalized, ED will post them on the IFAP.

Changes to FAA Information

In the FAA Information sections that appear on SARs and ISIRs, we added a new match flag for the Department of Veterans Affairs (VA) match.

Changes to NSLDS Information

We made several changes to the Financial Aid History page on SARs and ISIRs. A mockup of the page that will print with the SAR and ISIR can be found in Appendix F and detailed information about each change can be found in Appendix C. Following is a summary of the most important changes:

The Aggregate Amount section has been reorganized so it is easier to read and the Unsubsidized loan field has been deleted and replaced with a "Combined loans" field. This field reflects the total amount of subsidized and unsubsidized loans the student has borrowed.

Pell Grant data has been expanded to include up to three disbursement records for the current award year (1999-2000). The EFC and Verification flag has been added for each disbursement record.

In the "Loan Detail" section, up to twelve of the student's loans sorted by Loan Begin Date and Outstanding Principal Balance will continue to appear. A new grade level field for each loan record has been added. This field indicates the grade level used by the financial aid administrator when the FFEL was certified or Direct Loan was originated.

Changes to Student Aid Report

The section headings and data elements on the SAR have been revised to match the 1999-2000 FAFSA. All student information will be displayed first, followed by the dependency questions, and then by parent information.

The "Instructions and Codes" page that every student receives with the SAR has been reformatted to make it easier to follow. Information on accessing the Department's Web sites has been added for getting help as well as submitting FAFSAs and Renewal FAFSAs over the Web.

The student's Data Release Number (DRN) will be printed on the front of each page of the SAR.

On Part 2 of the SAR, we added instructions for reporting dollar amounts in the financial fields and included an example.

Please see the SAR mockups in Appendix F to review these changes.

Processing Flow

The flow of information through the system remains the same in 1999-2000 as in 1998-99.

The student starts the process by filling out a financial aid application, and this information is "processed" through the system and returned to the student and institution. The application information can be submitted on paper, electronically at the school through the Title IV Wide Area Network (TIV WAN), through FAFSA Express, or over the Internet using FAFSA on the Web or Renewal FAFSA on the Web.

The charts on the following page show how information about a financial aid applicant flows through the system for the various types of applications and corrections. The major participants and documents or records in the application process are:

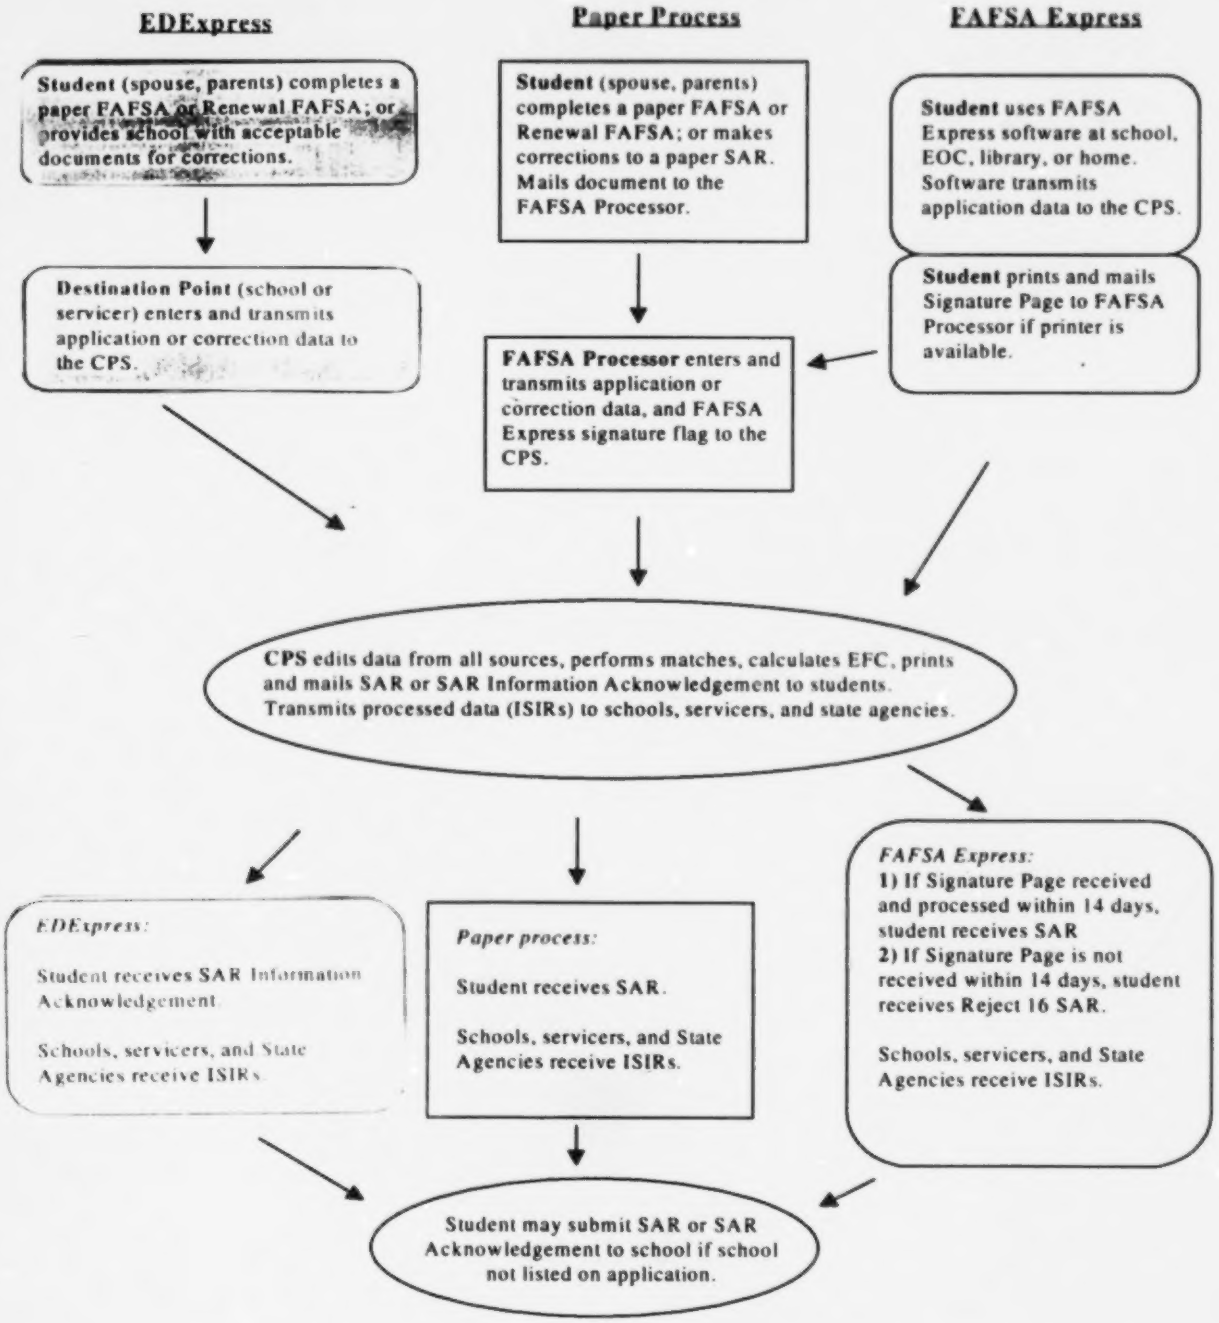
1) The U.S. Department of Education (ED).

2) The student. He or she may apply for federal student aid under the Title IV programs—Federal Pell Grant, Federal SEOG, Federal Work-Study, Federal Perkins Loans, the Federal Family Education Loan Program, and the William D. Ford Federal Direct Loan Program.

3) The applications. The paper Free Application for Federal Student Aid (FAFSA), the paper Renewal FAFSA, FAFSA Express, the electronic FAFSA or Renewal FAFSA through EDExpress, FAFSA on the Web, or Renewal FAFSA on the Web, that the student must complete and submit in order to apply for federal student aid.

4) The FAFSA processor. One organization will serve as the data entry processor for the 1999-2000 school year under contract with ED. The FAFSA processor receives applications in the mail, performs document analysis to check that signatures are present and dates are acceptable, and handles missing or unacceptable responses. The processor images the application, enters the information from the application, and transmits it electronically to the CPS.

1999-2000 Federal Application Processing System
Paper and Electronic Processes



EDExpress

Student (spouse, parents) completes a paper FAFSA or Renewal FAFSA; or provides school with acceptable documents for corrections.

Destination Point (school or servicer) enters and transmits application or correction data to the CPS.

Paper Process

Student (spouse, parents) completes a paper FAFSA or Renewal FAFSA; or makes corrections to a paper SAR. Mails document to the FAFSA Processor.

FAFSA Processor enters and transmits application or correction data, and FAFSA Express signature flag to the CPS.

FAFSA Express

Student uses FAFSA Express software at school, EOC, library, or home. Software transmits application data to the CPS.

Student prints and mails Signature Page to FAFSA Processor if printer is available.

CPS edits data from all sources, performs matches, calculates EFC, prints and mails SAR or SAR Information Acknowledgement to students. Transmits processed data (ISIRs) to schools, servicers, and state agencies.

EDExpress:

Student receives SAR Information Acknowledgement.

Schools, servicers, and State Agencies receive ISIRs.

Paper process:

Student receives SAR.

Schools, servicers, and State Agencies receive ISIRs.

FAFSA Express:

1) If Signature Page received and processed within 14 days, student receives SAR

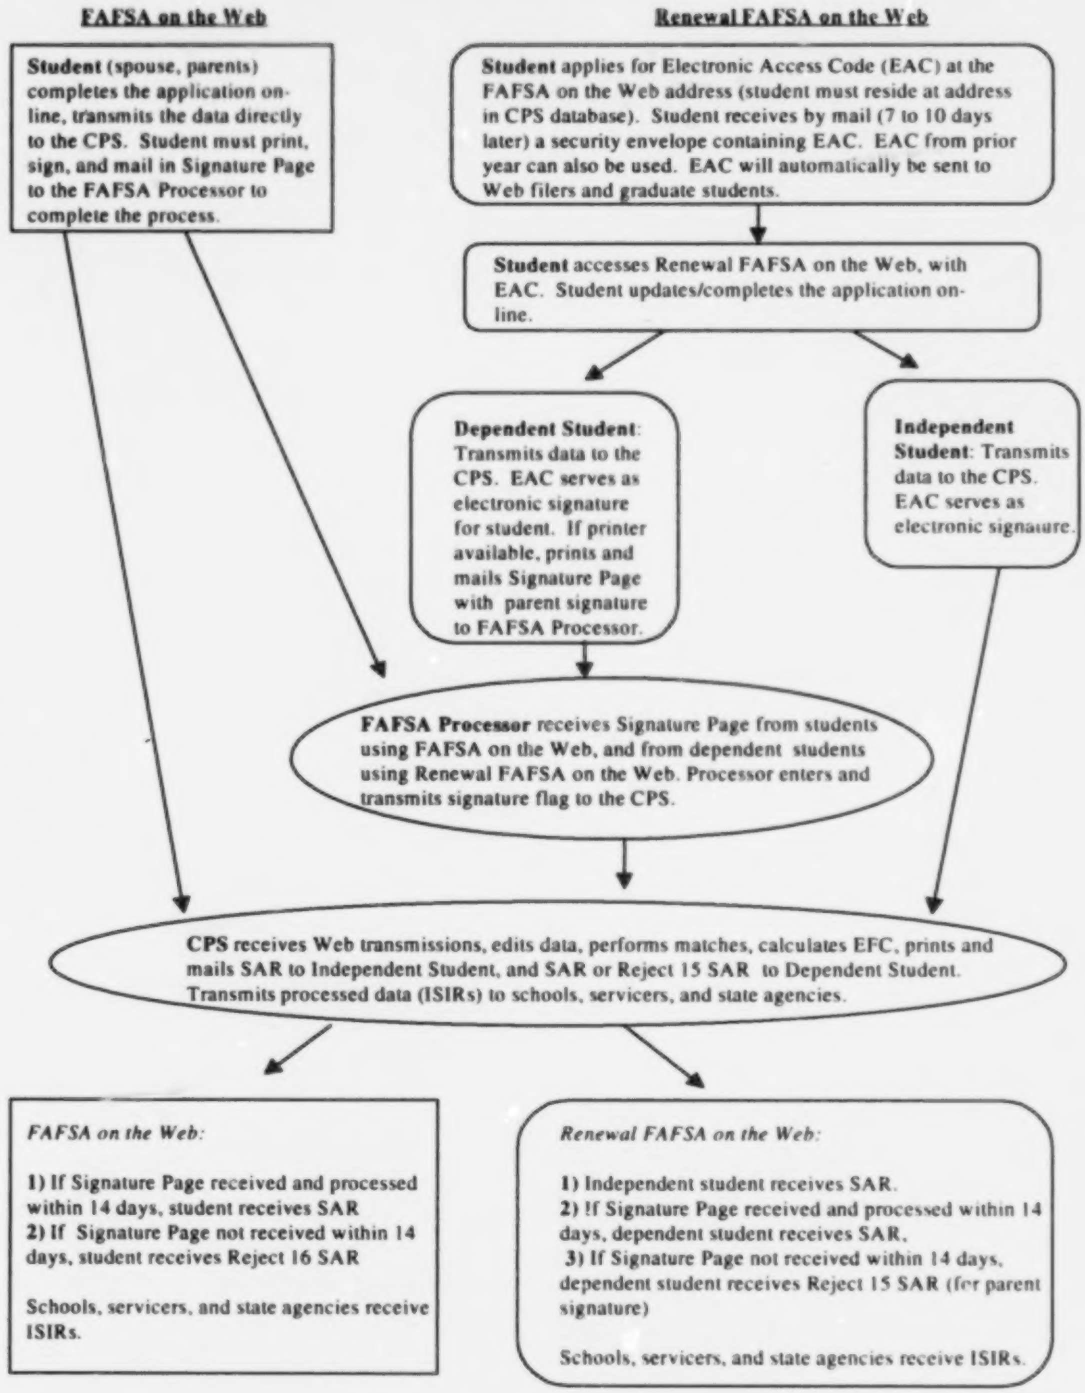
2) If Signature Page is not received within 14 days, student receives Reject 16 SAR.

Schools, servicers, and State Agencies receive ISIRs.

Student may submit SAR or SAR Acknowledgement to school if school not listed on application.

1999-2000 Federal Application Processing System

Internet Process



FAFSA on the Web

Student (spouse, parents) completes the application on-line, transmits the data directly to the CPS. Student must print, sign, and mail in Signature Page to the FAFSA Processor to complete the process.

Renewal FAFSA on the Web

Student applies for Electronic Access Code (EAC) at the FAFSA on the Web address (student must reside at address in CPS database). Student receives by mail (7 to 10 days later) a security envelope containing EAC. EAC from prior year can also be used. EAC will automatically be sent to Web filers and graduate students.

Student accesses Renewal FAFSA on the Web, with EAC. Student updates/completes the application on-line.

Dependent Student: Transmits data to the CPS. EAC serves as electronic signature for student. If printer available, prints and mails Signature Page with parent signature to FAFSA Processor.

Independent Student: Transmits data to the CPS. EAC serves as electronic signature.

FAFSA Processor receives Signature Page from students using FAFSA on the Web, and from dependent students using Renewal FAFSA on the Web. Processor enters and transmits signature flag to the CPS.

CPS receives Web transmissions, edits data, performs matches, calculates EFC, prints and mails SAR to Independent Student, and SAR or Reject 15 SAR to Dependent Student. Transmits processed data (ISIRs) to schools, servicers, and state agencies.

FAFSA on the Web:

1) If Signature Page received and processed within 14 days, student receives SAR
2) If Signature Page not received within 14 days, student receives Reject 16 SAR

Schools, servicers, and state agencies receive ISIRs.

Renewal FAFSA on the Web:

1) Independent student receives SAR.
2) If Signature Page received and processed within 14 days, dependent student receives SAR.
3) If Signature Page not received within 14 days, dependent student receives Reject 15 SAR (for parent signature)

Schools, servicers, and state agencies receive ISIRs.

5) The Central Processing System (CPS). The CPS operates under a contract with ED to receive and process application information. The CPS matches student records with other data bases to check eligibility. The CPS also applies a series of "compute edits" to the application information to check for inconsistencies, contradictions, and missing information. During the compute process, the CPS uses the need-analysis formula specified in the Higher Education Act of 1965, as amended, to calculate each applicant's expected family contribution (EFC).

6) The Student Aid Report (SAR) and the SAR Information Acknowledgement. These paper documents provide the student with processed application information. The CPS prints SARs and mails them directly to the address the student provided.

7) The Institutional Student Information Record (ISIR). ISIRs are produced by the CPS and provide the institution with processed application information. ISIRs are transmitted electronically to destination points (schools and servicers) daily through EDE.

8) The school. The school refers to every postsecondary educational institution that the student listed on the financial aid application. The financial aid administrator (FAA) at the school will use the processed information from the SAR or ISIR to determine what federal aid the student is eligible to receive. Schools and states may also use information from the SAR or ISIR to award their own financial aid.

Transactions

A "transaction" is an interaction between the CPS and the financial aid applicant, or the school acting on behalf of the applicant, that changes any of the data on the applicant's record. Each transaction results in a new SAR and/or ISIR, and is identified by transaction number (i.e., 01, 02, 03). A transaction may sometimes be "system generated." For example, when a student's eligibility for federal student aid changes on the National Student Loan Database System, the CPS will automatically reprocess the application information and generate a new transaction without additional input from the student or from a school. Beginning in 1999-2000, ISIRs for these system-generated transactions will be sent to the school in a separate electronic message class.

The transactions discussed here will be those where there has been interaction between the student and the system, or the school and the system. When application data first enter the CPS and are processed, the report that results is called the "01" transaction. The student receives a SAR and the listed schools receive ISIRs. If corrections are necessary, the student makes these changes on Part 2 of the SAR, returns the SAR to the FAFSA Processor, and the information is reprocessed. Alternatively, a school can enter corrections electronically through EDExpress, even if the school did not submit the original application electronically. The corrections generate a new record that is identified as an "02" transaction. This second type of transaction is called a "correction," although the term also is used to refer to students' updating information.

To make a correction transaction, the student changes at least one data element. The change can be anything, even an address correction or the addition or change of a school. The first correction is labeled "02," and subsequent corrections are labeled "03," "04," and so forth. Identifying the correct transaction is important when reporting Pell Grant payments and when requesting duplicate SARs or ISIRs. A duplicate will always be generated from the most recent transaction unless another, earlier transaction is specified.

For 1999-2000, the maximum number of transactions that an applicant may have is 40; when a student has corrected or updated information more than 20 times, the student will receive SAR comment 106, advising him or her to seek assistance from the financial aid administrator.

Two-Part SARs

Part 1 of the SAR is an Information Summary that contains information for both the student and the FAA. Part 1 summarizes all the information reported by the student on the FAFSA plus the results of processing the information.

Part 2 of the SAR is used by the student to make corrections to application data. Corrections can also be entered electronically by the school. Part 2 of the SAR may be an Information Review Form (IRVF), which reports FAFSA information for the student to review and correct, if necessary. Part 2 of a rejected SAR is called the Information Request Form (IRQF). For this type of SAR, an EFC could not be calculated and the student is required to make corrections.

In the case where a student's application is entered electronically by the school, the student receives a SAR Information Acknowledgement. This type of SAR has only one part and resembles Part 1 of a two-part SAR, although the FAA Information and the student's comments vary somewhat. The reason that the student gets this "abbreviated" SAR is because the Department assumes that if any changes need to be made, the student can go to the school and the school will make the changes electronically.

Subdividing SARs into major types may help in understanding references to "an eligible SAR," an "ineligible SAR," or a "rejected SAR." The term "eligible" describes a SAR for an applicant whose EFC and undergraduate status indicate eligibility for a Pell Grant. The term "ineligible"describes a SAR for an applicant whose post-baccalaureate status or high EFC makes him ineligible for a Pell Grant. The term "rejected" describes a SAR that does not have a calculated EFC.

SAR Type	*Student receives:*
Pell-Eligible—EFC is 2925* or less, and applicant is not a graduate student and does not have a bachelor's degree	Part 1, Part 2 (IRVF)
Pell-Ineligible—EFC is greater than 2925*; or applicant has a bachelor's degree or will be enrolled in a graduate or professional program	Part 1, Part 2 (IRVF)
Rejected—no EFC is calculated (all reject reasons except 15, 16, or 19)	Part 1, Part 2 (IRQF)
Rejected—Reject Reason 15 or 16, no EFC is calculated (paper application missing parent signature for dependent student, FAFSA Express or FAFSA on the Web, or Renewal FAFSA on the Web application processed without required signatures)	Part 1, Part 2 (IRQF and certification statements)
Rejected—Reject reason 19, no EFC is calculated (applicant is in an ED hold file)	Part 1, Part 2 (IRVF)

Highlights and Assumptions

Paper System Highlights and Assumptions

Students are instructed to review information on the SAR carefully for accuracy. Items requiring special attention are "highlighted" by printing them in boldface type. Both the student and FAA need to pay careful attention to questions and responses that are highlighted.

---

* Maximum EFC for 1999-2000

During the edit process, the CPS applies logic in comparing two or more pieces of information provided by the student. The CPS highlights information that is conflicting, missing, or contradictory. Items that are questioned are highlighted on Part 2 of the SAR.

In certain instances the application is rejected because of a conflict—for example, the student answered that he or she is not married but provides financial information for a spouse. The CPS will reject this application (Reject 11) and print the questioned items in boldface type on Part 2 of the SAR. The CPS will not calculate an EFC, because key financial information is conflicting.

In other situations, the CPS makes an "assumption" and does not reject the student's record. For example, a student reports that he/she is married and provides spouse's income, but reports only one person in the household. In this case, the CPS assumes there are two persons in the household, highlights both questions and responses on the SAR, and calculates an EFC if the record is not rejected for other reasons. Both the reported and the assumed values are printed, with the word "ASSUMED" in parentheses next to the assumed response that was used in the EFC calculation.

Assumptions are most often made by the system when questions are left blank. Once an answer is assumed, the assumed information is used throughout all the subsequent edits and in the EFC calculation.

If the CPS makes an assumption, but then rejects the record for other reasons, an EFC is not calculated and the assumed values are not used. In this situation, the student receives an IRQF (Information Request Form) as Part 2 of the SAR, with arrows printed next to the questionable line items. The student is required to correct them.

Electronic System Highlights and Assumptions

All application software contains certain edits that prompt users entering application data to resolve inconsistencies before sending the information to the CPS. These edits are contained in the EDExpress, FAFSA Express, FAFSA on the Web, and Renewal FAFSA on the Web applications. When inconsistencies or missing data would cause the record to be rejected at the CPS, the software does not allow the record to be completed or transmitted until information is changed or added. When these inconsistencies would cause an assumption, however, the user is prompted to review and change the data, but will be allowed to transmit the record even if a change is not made. The ISIR that a school receives will set an "h", for highlight, next to the items on which assumptions were made.

In the EDExpress software, an FAA can override certain assumptions that would be made at the CPS. When an FAA sets an override code on an electronic application, the CPS accepts the data as reported and does not make an assumption about that item. For example, if a student indicates more than two family members are attending college, and also indicates the same number of persons live in the household (e.g., four in the household and four in college), the CPS would assume "one" person in college during processing. If, in fact, there are four family members attending college, the FAA can eliminate the need for a correction by setting the appropriate override flag in the EDExpress software.

In addition, EDExpress allows the FAA to override certain "verifiable rejects" by setting a reject override flag before transmitting the student's application. For example, a student may have an unusually large number of family members. If the FAA sets the appropriate override flag before sending the student's record, the student's record will not be rejected.

For 1999-2000, student's who are using FAFSA Express, FAFSA on the Web, or Renewal FAFSA on theWeb will be able to set the assumption and reject overrides described above by confirming the data that they have entered. When data entered hits one of the assumption or reject edits, a screen will display that prompts the user to review the information and either correct or confirm it.

II. INFORMATION SUMMARIES ON SARs AND ISIRs

Schools will receive ISIRs for all students who listed that institution on their FAFSA, Renewal FAFSA, FAFSA Express, FAFSA on the Web, or Renewal FAFSA on the Web. More than 7000 postsecondary institutions participate in some aspect of the Electronic Data Exchange (EDE). These institutions can send application and correction data from the school or through a servicer (either one is called a "destination point"), and receive processed student records (ISIRs) at the destination point.

Each type of CPS output contains an Information Summary of student data and information for the FAA. The SAR, but not the SAR Information Acknowledgement, also has a Part 2 that allows the student to send in corrections to the data.

Appendix G contains the print format for the ISIR. Student and FAA information will print out on two pages, with an additional page for NSLDS Financial Aid History. Schools will not need to print hardcopy ISIRs; however, in this guide we will use the print format as a tool to discuss the codes that appear on the ISIR record.

Beginning with the SAR, we'll look at the information summary and the FAA information sections for each type of official CPS output.

Page One of the SAR and SAR Information Acknowledgement—Front

The top left of the page prints the ED seal, identifies the award year (1999-2000), the document—Student Aid Report—and the part of the SAR: Part 1. The box at the top, center position shows the Office of Management and Budget (OMB) form-clearance number and the expiration date.

The student's original social security number (SSN) appears below the OMB box. This is the SSN that the student originally reported on the FAFSA, Renewal FAFSA, or Correction Application. Directly under the SSN are the first two letters of the student's last name (the last name originally reported on the application), a dash, and a two-digit code that shows the transaction number for this SAR—that is, "01" indicates the first transaction, "02" a second transaction, and so forth. Next to the transaction code appears the student's four-digit Data Release Number (DRN). The DRN can be used by schools participating in EDE to access the student's electronic application record if they were not originally listed on the student's application or SAR. The student can use the DRN when making a telephone request through the Federal Student Aid Information Center to make two types of changes: 1) to correct data entry errors made by the FAFSA Processor by calling 1-800-4FED AID (1-800-433-3243), or 2) to request a change of address or a change of insitution by calling 1-319-337-5665.

OMB No. 1840-0132
Form Approved
Exp. 12/31/2000

321-54-0987
ST-01 DRN: 9999

Beneath the headings appear the student's name and address and the date the CPS processed the application. The number appearing above the student's name and address is a tracking number for the FAFSA Processor and the CPS, and is not used for any institutional purposes. Below the processed date is the student's EFC.

Notice to student about making corrections

Student's ID (SSN, first 2 letters of last name, and transaction number) appears again at bottom of page on both SAR and SAR Acknowledgement

300-03-3502 ST 01

The EFC printed on the front page of the SAR is either the primary or secondary EFC, calculated for a nine-month academic year (see page 18 for information on the primary and secondary EFC). An asterisk printed next to the EFC indicates that the student was selected for verification by the CPS. A "C" printed next to the EFC means the student has an eligibility problem identified by the data matches that must be resolved before Title IV aid can be disbursed to the student.

One of two messages might appear below the EFC—BA DEG REC'D means the student reported in question 33 on the application, or in a correction transaction, that he or she will have received a bachelor's degree by 7/1/99. GRAD/PROF appears when the student answered "Yes" to question 54, that he or she will be working on a degree beyond a Bachelor's degree during 1999-2000. In addition to these messages, SAR/ISIR comment text will also inform the student and FAA when a student reports that he or she will have a BA or be enrolled in a graduate or professional program. A student who answers "Yes" to either question is not eligible for a Pell Grant. Such student records are not sent to the Pell Payment System, and if a school attempts to report a Pell Grant payment, the payment system will not recognize the student and will reject the payment record even if the EFC is in the Pell eligible range.

Important reminder: Even though all income and asset information is correct and the EFC is less than the maximum Pell EFC, if a student incorrectly indicates that he or she has a BA degree or is a graduate/professional student, these items must be corrected on the SAR or through EDE, and processed through the CPS. Only then will the payment system be able to identify the student as eligible to receive a Pell Grant.

The FAA Information sections on the SAR, SAR Information Acknowledgement, and ISIR will print a "Y" for the Pell Eligibility Flag to identify students who *are* eligible for Federal Pell Grants based upon their EFCs and class levels. The Pell Eligibility Flag will be blank for students not eligible for Pell.

Comments. On both the SAR and the SAR Information Acknowledgement, the initial comments inform the student about eligibility for federal student aid and give basic instructions on reviewing the application information and making corrections if necessary. Other comments relate to specific problem areas, such as missing information or eligibility problems. On the SAR, comment text is continued on a subsequent page if necessary. The SAR will carry up to 20 comments, and an application that generates more than 20 comments will be rejected (Reject 20).

The SAR Information Acknowledgement comments are fewer and less detailed, and generally refer the student to the FAA for assistance in making corrections or resolving problem issues. A SAR Information Acknowledgement is sent to the student only when application or correction data are entered electronically by a school through EDE. In these cases, the student and the school are already in contact and generally the student will enroll in the school that transmitted the data.

To assist in situations where a student might take the SAR Information Acknowledgement to a new school, we print the DRN and the full set of SAR/ISIR comment codes in the Processing Results section on the document (see Appendix D for comment codes and text).

On the SAR, two strings of numbers appear at the bottom of every page. The left-hand numbers are processing codes used by the FAFSA Processors and the CPS for tracking and quality control purposes. The right-hand numbers are the student identifiers: the original SSN and first two letters of the student's original last name, and the transaction number.

RE1100456 12345678901 321-54-0987 ST 01

On the SAR Information Acknowledgement, the top of page one shows the student identifiers, transaction number and DRN in a similar position as these appear on the two-part SAR. Only the student ID is repeated at the bottom of the SAR Information Acknowledgement page.

NOTE: If a student changes his or her social security number, or changes his or her name in the CPS, the original social security number and first two letters of the original last name will continue to be used as the student ID. The SAR fields that show the last name and the SSN—fields 1 and 8—will carry the corrected name and SSN. However, when used as an identifier—on correspondence or in requesting duplicates—the student should use the original SSN and name.

If the student applies in the following award year using the correct name and SSN, the records for that year will carry the correct identifiers.

Correction Applications are not needed except to correct a situation when two students are using the same social security number. Correction Applications are obtained by calling the Correction Applications Coordinator for ED at (202) 260-9988.

Page One—Back

The back of page one displays in condensed form every numbered question from the FAFSA and prints the answer the student gave to that question or the value the CPS assumed.

Exception: If the student's application is rejected and an EFC is not calculated, the back of page one will not have an information summary, but will contain the FAA Information section instead.

Information Summaries on ISIRs

The student's processed application information appears on the printout of an electronic ISIR in a two-column, two-page format with an abbreviated version of each FAFSA question on the left and the student's response on the right. Information is divided into sections like the FAFSA sections, e.g., Step One: You (The Student). Questions are not numbered individually, but each section heading identifies the range of FAFSA questions included.

FAA INFORMATION

The FAA Information section displays every relevant piece of information about a student's eligibility in one place, whether on a SAR or ISIR. The format and content vary somewhat between the SAR and ISIR, but all codes and flags have the same meaning wherever they appear.

The FAA Information box on the SAR appears at the end of Part 1, following the last comment to the student. On the SAR Information Acknowledgement, a section headed "Processing Results" on the back of page one contains information and codes for FAAs. On the ISIR, FAA information is printed on the second page following the summary of application data. Descriptive labels are intended to help the FAA identify reject codes, match flags, intermediate values, and so forth.

Using the SAR information section as a basis, here are identifications for the codes and flags that appear as FAA Information, reading from top to bottom for each column. Primary and secondary EFCs and Intermediate Values will be discussed later.

COLUMN ONE

Agency Source

The agency source code identifies a FAFSA processor or other source of the application.

1	Electronic Application (EDE)
2	Electronic Renewal Application (EDE)
4	FAFSA Express
5	ACT (American College Testing)
6	FAFSA/Renewal FAFSA Web
7	NCS (National Computer Systems)

Record Source Type

This identifies the type of input that produced a transaction.

Blank	Original application (paper/electronic)
R	Renewal application (any source)
C	Correction Application
H	History Correction (paper/electronic)
D	Duplicate request
S	FAFSA Express/Web

Record Type

This code distinguishes an application from a correction that was made to a prior or existing transaction.

Blank	Original application (from any source)
C	Correction Application
H	History Correction

Verification Transaction Flag

The Verification Transaction Flag will indicate if a student has met a verification selection criteria on this transaction. The codes of A-C or 1-37 represent the specific selection criteria and are used primarily by ED for statistical and analytic purposes. The verification transaction flag will be blank if no criteria are met.

Verification Tracking Flag

The Verification Tracking Flag is set when the student is selected for verification on any transaction. When it is used, it will be set with a code of A through C or 1 through 37, and is used solely to identify the reason why the student was selected for verification on either the previous or subsequent transaction. An FAA only needs to know whether or not a student's information must be verified. The required documentation and procedures for the school are the same regardless of the reason the applicant was selected for verification.

Example: If an applicant is selected for verification on the 01 transaction, "verification transaction flag" and "verification tracking flag" will both carry a code of A through C or 1 through 37. If the applicant then makes a correction and no longer meets the verification selection criteria, the 02 transaction will show a blank in "verification transaction flag" but the "verification tracking flag" will continue to show the selection criteria from the 01 transaction.

The verification tracking flag will be blank if the record was not selected for verification.

COLUMN TWO

Model (Dependency Status)

D	Dependent
I	Independent
X	Rejected dependent
Y	Rejected independent

Duplicate Copy

Blank	Not a duplicate SAR
D	The SAR was requested as a duplicate copy

SysGen

These codes identify a system-generated transaction that was initiated by the CPS, rather than resulting from an application or correction sent to the CPS. The codes show why a record was automatically generated by the CPS:

Blank	Not system-generated
A	Applicant released from drug abuse hold file
D	Duplicate request, and hold status has changed
H	Applicant released from verification hold
L	Duplicate request and NSLDS match data have changed
N	NSLDS postscreening transaction
Z	Reprocessed transaction

ISIRs for system generated transactions will be sent to schools in a separate electronic message class.

Dependency Override

This flag identifies a record that resulted from an application or correction on which a successful dependency override request was made by an FAA. Initial applications allow overrides to be made in one direction only: from dependent to independent. The SAR and EDExpress allow an FAA to cancel a previous override. Comment 46 will notify the FAA when an attempt to perform or cancel a dependency override was not successful.

Blank	No dependency override
Y	FAA override from dependent to independent (Comment 164)
N	Dependency override cancelled (Comment 165)

When an FAA performs a dependency override, only the school that submitted the override will receive the new ISIR transaction.

Special Handling

In certain unusual circumstances, the Department, a Multiple Data Entry contractor, or the Federal Student Aid Information Center may need to special handle (e.g., hand-stamp, overnight mail) a student's SAR. These codes identify the reason for special handling or who requested the special handling.

Blank	No special handling
*	MDE requested special handling
@	ED requested special handling
P	address too long; requires special handling
L	Late processing authorized by ED

Reprocessing Code

This code provides information about batches of records that are reprocessed by the CPS for any reason. When the SysGen flag is set to "Z," this position will contain a two-digit number, beginning with "01" and incrementing each time that a group of records is reprocessed. Check the Information for Financial Aid Professionals web site (http://ifap.ed.gov) for announcements that will define the reason associated with a particular code.

COLUMN THREE

FAA Adjustment Flag

This flag indicates that a transaction resulted from a professional judgment adjustment by an FAA. Comment 27 also notifies an FAA that an adjustment was successfully performed.

Blank	No adjustment processed
Y	FAA adjustment processed

When an FAA uses professional judgment to change a data item on a SAR or ISIR, only the school that made the change will receive the new ISIR transaction.

Reject Reasons

Up to seven reject reason codes can be printed in this position. Refer to Appendix A for the reject reason codes and the comment numbers associated with certain types of rejects.

Application Receipt Date

This date shows the date the paper application was received by the FAFSA processor, or the date an electronic FAFSA transmission was received by the school or entered by the applicant. In the paper system, the maximum time allowed by contract with the processors to enter and transmit the application data (turnaround time) is 7 days for original applications and Renewal applications, and 5 days for corrections. The maximum CPS processing turnaround time is 3 days.

These days are defined by the contracts as "work" days (Monday through Friday), not calendar days. The maximum time allowed from receipt of an application or correction to mail-out of the SAR would be 14 work days for original applications and Renewal applications, and 12 work days for corrections. These totals for maximum turnaround time do not include mailing time for the application or correction to reach the FAFSA Processor or for the SAR to reach the student.

Transaction Receipt Date

The date appearing in this position is the date that a processor or the CPS received the input information that generated the transaction. As described above, the receipt date for the first application will be a fixed date; the transaction receipt date, however, will change each time a new transaction is generated. For example, a student sends in a Renewal Application that is received by the FAFSA processor on March 13, 1999. This first transaction SAR and ISIR would have an Application Receipt Date and a Transaction Receipt Date of March 13, 1999. The student then sends in a subsequent original FAFSA on March 23, which produces an 02 transaction. The 02 SAR and ISIR would keep the Application Receipt Date of March 13, 1999 but the Transaction Receipt Date would be March 23, 1999. If the student then mails in a SAR with corrections and it is received on April 17, the 03 transaction would show an Application Receipt Date of March 13, 1999 and a Transaction Receipt Date of April 17, 1999.

Subsequent Application Flag

This flag indicates a transaction that resulted when a second, or subsequent, application was processed. Except for address and school choices, the data on the SAR or ISIR generated by a subsequent application will be the same data the student submitted on the first application. If a different address and different school choices are provided, the new information will appear in these fields on the new transaction.

Blank	Not a subsequent application
Y	Second or later application

Early Analysis Flag

Using FAFSA Express or FAFSA on the Web, a student may indicate that he or she is applying for early admission for the 2000-2001 school year. The software sets a flag on the student's record that appears in the FAA Information area. The early analysis indicator will appear on the SAR and the ISIR, but not on the SAR Information Acknowledgement. Please note that the early analysis flag does not invalidate the SAR—it simply notifies the school that a student checked the early analysis box on a FAFSA Express or FAFSA on the Web application. If the student actually enrolls for the 1999-2000 school year, the early analysis record may be used for that school year. The early analysis flag may be corrected to blank using EDExpress.

Blank	Not an early analysis student
Y	Student indicated early analysis on FAFSA Express or FAFSA on the Web

Auto Zero EFC Flag

An applicant who meets certain tax filing and income criteria will qualify automatically for an expected family contribution figure of "0." When these criteria are met, the CPS assigns a "0" EFC and does not perform a calculation except for TI, STI, and FTI. Only these three intermediate values will appear in the FAA Information section.

Blank	Does not meet criteria
Y	Student meets automatic zero EFC criteria

SNT Flag

This flag gives information about the Simplified Needs Test calculation that excludes asset information. It is performed if an applicant meets certain criteria for tax filing status and income level.

Y	SNT was met
N	SNT was not met or could not be determined

Pell Eligible Flag

This flag alerts schools to an applicant's Pell Grant eligibility status. A "Y" in this location confirms that a student's EFC and undergraduate status makes him or her eligible for a Pell Grant, and that the record has been included in the payment system database.

Blank	Not eligible for a Pell Grant
Y	Eligible for a Pell Grant

If a student who is an undergraduate incorrectly reported on the FAFSA that he or she will be a graduate student or has a bachelor's degree, this information **must** be corrected. Otherwise, he or she will be considered ineligible for Pell and the school will be unable to receive Pell funds for that student.

Match Flags

These alpha or numeric codes show the results of matching the applicant record with a data base containing information that can affect eligibility. A detailed discussion about the flags or codes that will appear in the FAA Information section for the SSN Match Flag, Selective Service Registration Flag, Selective Service Match Flag, INS Match Flag, SSA Citizenship Code, VA Match Flag, NSLDS Match Flag, and NSLDS Results Flag can be found in Appendix B. Additional information on the NSLDS match can be found in Appendix C.

The INS Verification Number also appears under the "Match Flags" heading of FAA Information. The number that will appear in this position is a 15-digit confirmation number that the INS returns when a match was conducted. The FAA must use this number when secondary confirmation is necessary. See Appendix B for more information on how to perform secondary confirmation.

NSLDS Transaction Number

This code appears at the end of the match flag section, although it is not a true match flag. We provide the number of the last transaction on which the student's NSLDS data changed as a signal to the financial aid administrator to review NSLDS information on a particular transaction. See the Introduction and Appendix C for additional information on the NSLDS transaction number.

ISIR FAA Information

FAA Information on the ISIR is formatted a bit differently from the SAR. In the section titled Office Information, the following information appears:

OFFICE INFORMATION
DRN
Formula Type
Processed Date
Application Source
Transaction Type
Institution Number
Reject Override Codes
Assumption Override Codes

The student's DRN will appear in this section only for a transaction type of "0" or "5," when the school receiving the ISIR also entered the student's application or renewal application data. The DRN will not appear on an ISIR in other situations.

The Formula Type is not printed on the SAR but does appear on the SAR Information Acknowledgement since the SAR Information Acknowledgement is the paper output from an electronic transaction. Other codes in this section correspond to SAR data, e.g., application source corresponds to "Agency Source" on the SAR.

The "Formula Type" code tells an FAA which formula was used to calculate the EFC.

1	Full needs test: dependent
2	Full needs test: independent w/o dependents
3	Full needs test: independent with dependents
4	Simplified Needs Test: dependent
5	Simplified Needs Test: independent w/o dependents
6	Simplified Needs Test: independent with dependents

"Transaction Type" identifies the source of the transaction.

0	Electronic original application
1	Paper application
2	Electronic correction
3	Electronic duplicate request
4	Paper correction
5	Electronic renewal application

The Institution Number verifies the identity of the originating institution. Reject and Assumption Override Codes appear because the EDExpress software allows an FAA to override certain rejects that are designated as "verifiable" rejects. It also allows an FAA to override certain assumptions that the CPS would make about a student's data when the information appears to be inconsistent. The Office Information section on the ISIR shows which Reject Override Codes and which Assumption Override Codes were set on the transaction.

The ISIR also has FAA Information at the end of the information summary. The codes appearing on the ISIR are identical to codes that appear in the SAR FAA Information section except for "Correction # Applied To," which reports the transaction number against which an electronic correction was applied.

SAR Information Acknowledgement FAA Information

Because this type of SAR is a paper report to the student, but also an eligibility document like the correctable SAR and the ISIR, it contains information for both student and FAA. The intent of this document is to allow a student to review processing results when the information was input electronically by the school. The information section is headed "Processing Results" rather than "FAA Information." We have included here all the important match flags showing results of eligibility matches, as well as other information that an FAA would need when using the SAR Information Acknowledgement as an eligibility document.

The comment text printed on the front page is a basic set of comments directed to the student, but the comment codes listed at the bottom of the section include all SAR/ISIR comments that were generated for this record.

Primary and Secondary EFCs/Alternate EFCs

Both SAR and ISIR FAA Information sections contain the headings "Months," "Primary EFC," and "Secondary EFC."

If both a Primary and a Secondary EFC appear, it means the student qualified for the Simplified Needs Test (SNT) but also provided information about assets. Two calculations were performed, producing the Primary EFC (asset information was not included in the calculation) and the Secondary EFC (asset information was included in a full-data calculation). If only a Primary EFC appears, it means either 1) the student did not meet the Simplified Needs Test criteria and only the full-data calculation was done, or 2) the student met the SNT criteria but provided no asset information, or provided incomplete or inconsistent asset information and only one calculation could be performed.

The figures printed for each of the twelve months represent alternate EFCs that an FAA must use to award aid—other than Federal Pell Grants—for an academic year that is less than or greater than nine months. For a dependent student, the alternate EFCs are calculated by the CPS according to a formula prescribed in the Higher Education Act of 1965, as amended. For the independent student, the law does not provide a formula but the CPS calculates a simple proration of the EFC by month.

Intermediate Compute Values

These abbreviations represent the intermediate steps used in calculating the EFC. They show the separate components of the need analysis formula, such as the "employment expense allowance" or "parents' contribution from assets." These components are defined in the Higher Education Act of 1965, as amended. The values can be useful to FAAs in doing recalculations or in making professional judgment adjustments to data.

Detailed information on the need analysis formula and methodology for calculating the EFC is available in the 1999-2000 *SFA Handbook: Student Eligibility*.

Alternate EFCs and intermediate values do not appear on the SAR Information Acknowledgement, only on the two-part SAR and the ISIR. The intermediate values are identified as follows:

TI	Total Income
ATI	Allowances Against Total Income
STX	State and Other Tax Allowance
EA	Employment Allowance
STI	Student's Total Income
IPA	Income Protection Allowance
AI	Available Income
CAI	Contribution from Available Income (Independent Student)

Comment Codes

The last line in the FAA Information sections shows the codes for comments generated on the record which are important to the FAA. Standard comments to the student are not included here. FAAs can review the comment codes and not have to read through every comment provided on the SAR to find information requiring FAA action. Up to 20 comment codes may be printed, and students receiving more than 20 comments will be rejected (Reject 20).

The EDExpress software allows comment text to be printed out, if desired, for an ISIR. The SAR Information Acknowledgement, as mentioned previously, prints the full set of SAR comment *codes* pertaining to that student's electronic record in the "comment code" section under Processing Results. The comment text printed on the page, however, will be taken from the set of eight basic comments written for the student's information. All comment codes and text used in 1999-2000 are provided in Appendix D. The SAR Information Acknowledgement comments appear on the first page of Appendix D.

III. CORRECTIONS AND UPDATES

The first steps in the application process are sending a student's application information into the Central Processing System, and receiving that student's processed application data back from the system. When data must be updated, under the limited circumstances allowed by regulation, or must be corrected, additional steps are required.

In the EDExpress, changes (corrections or updating) can be made to any student's record regardless of whether it originally entered the system as a paper or an electronic application. Both updates and corrections are referred to as correction transactions. The electronic correction process requires that signed correction documentation be maintained by the school that inputs the new information. Documentation can be a paper SAR or other documents such as tax returns, a verification worksheet, or a change-of-address form. The FAA enters the changes on the EDExpress screen, transmits them to the CPS, and receives an ISIR containing the new processed data. In this situation, when the input is electronic, the student receives a SAR Information Acknowledgement.

Part 2 of the SAR is a vehicle for corrections in the paper system and for students who file using FAFSA Express or FAFSA on the Web. Students may use the SAR to correct and update their application information, and mail the SAR to the FAFSA processor for data entry. After the corrections are processed, the student receives a new two-part SAR and the school receives an ISIR.

If a student's application information is not rejected, and for students receiving Reject 19 only, Part 2 of the SAR is an Information Review Form (IRVF). A student whose application is rejected for any other reason receives a Part 2 called the Information Request Form (IRQF).

On Part 2 of all SARs, the top right corner of each page shows the date the SAR was processed. The message "BA DEG REC'D" or "GRAD/PROF" will be printed under the date if either applies to the student. The student's EFC is printed if the SAR has a calculated EFC. The student's original social security number and DRN appear on the right side of the page, just above the information columns.

The bottom left of each page in Part 2 has a set of numbers in small type. On the left appears the SAR sort type/serial number. These numbers are used by the FAFSA processors to identify and track individual SARs and groups of applicant records that are sent in batches to the CPS.

The numbers at the bottom right of the page are the student's original SSN, the first two letters of the original last name, and the transaction number. These numbers also appear on Part 1, and are used by the FAFSA processors to ensure that SAR pages for each student are collated and packaged correctly.

As mentioned previously, when corrections need to be made to data reported on the SAR Information Acknowledgement, the student may have corrections transmitted electronically through EDExpress at a school, or the student may request a duplicate SAR (which will be a two-part SAR) and send corrections or updates to the FAFSA processor using Part 2 of the SAR.

YOU TOLD US | **WRITE IN INFORMATION FOR NEW OR CORRECTED ITEMS ONLY.**

Information Review Form (IRVF)

The IRVF is generated when the student provides enough information on the FAFSA to allow an official EFC to be calculated. The IRVF appears as Part 2 on Pell-eligible and Pell-ineligible SARs. A SAR that receives Reject 19 only (the student is in one of the Department's hold files) also receives the IRVF as Part 2 but will not have a calculated EFC. This applicant must resolve the eligibility problem to be released from the hold file, but otherwise the information provided on the application appears complete. Once an applicant is released from hold, the CPS will produce a system-generated SAR based on the application information.

The "YOU TOLD US" column shows a shortened version of each numbered item that corresponds to a question on the FAFSA, and has printed beneath it the student's response to that question. The second column, "WRITE IN INFORMATION FOR NEW OR CORRECTED ITEMS ONLY" has boxes and ovals that resemble the answer fields on the FAFSA, and allows the student to indicate or write in a corrected answer, if necessary.

Items that are highlighted (printed in boldface type) require special attention. Highlighting means the CPS identified the responses as questionable or inconsistent with other answers. The CPS may assume answers to certain questions by comparing them with other information on the application. Answers might be assumed when the question was left blank, or a positive number might be assumed when the answer to an income question was given as a negative number.

When the CPS assumes an answer, both the value reported by the applicant and the assumed value are printed on the SAR. The word "ASSUMED" will appear in parentheses with the assumed value. Assumed values are used by the CPS in performing the calculation and should always be reviewed carefully. If the assumed values are correct, the student does not need to change them on the IRVF.

YOU TOLD US **WRITE IN INFORMATION FOR NEW OR CORRECTED ITEMS ONLY.**

Fields that show assumed values or that trigger certain edits can also be identified as highlighted items on the ISIR. The fields will have an "h" printed next to the questioned or assumed item. On the ISIR, highlighted items are designated with a pound sign (i.e., #).

The student can always correct other items, if necessary, whether or not they are highlighted.

Information Request Form (IRQF)

When an applicant receives any reject other than Reject 19, the resulting SAR will have an Information Request Form (IRQF) as Part 2 and will not have a calculated EFC. The IRQF requires the student to correct information and return the SAR to the CPS for reprocessing.

The IRQF also has two columns, like the IRVF. The first, "YOU TOLD US," shows the numbered questions and the student's response. The second column, "WRITE IN INFORMATION FOR NEW OR CORRECTED ITEMS ONLY," provides the same boxes and ovals as the IRVF for the student to write in a new or corrected response.

When an item is questioned by the CPS, it will be highlighed (printed in bold type) and an arrow will print in the "YOU TOLD US" column pointing to the response field for the questioned item. This indicates that the student must provide a new answer because the original response was blank or illegible, and the item is necessary to perform an EFC calculation. The student may also correct other items, if necessary, even if they are not highlighted.

At the top of the IRQF are instructions to the student explaining the meaning of the arrows, and the proper way to verify an answer, fill in an oval, or to delete an answer. To verify a previously reported answer, the student must rewrite the same value in the answer fields and return the SAR.

Sometimes students are caught in a reject "loop" because they don't respond to all of the highlighted and arrowed items to turn off the reject, or because they provide new information that the edit check still considers to be inconsistent or questionable.

Parent Information for Independent Students

The SARs for dependent students and for independent students contain exactly the same sections and numbered items as the FAFSA. Parent information will be printed in the parent section for an independent student if the student provided it on the FAFSA, although the EFC calculation will not include parent data. Students in the health professions are instructed to provide parental data, because the data are required by many health profession schools to award Title VII aid. Parental data provided by independent students will not be subject to any edits, but the data will appear on the SAR and on ISIRs and be carried forward on all transactions.

Parental data are always required for dependent students and will be edited and used in the EFC calculation.

Signatures for SAR Corrections

On the last page of Part 2, a message in the left column shows the address where SAR corrections should be mailed.

In the right column of the same page, the student is asked to certify that any corrections made on Part 2 are accurate and complete. This statement must be signed by the student. For a dependent student, one parent must also sign.

Reject 16 SARs — Signatures and Certifications

SARs with Reject 16 are mailed to students who submitted their applications via FAFSA Express or FAFSA on the Web, but did *not* follow up with a signed Signature/Certification page, or the page was incomplete and could not be processed. If the record indicates that a printer was not available to the student, the CPS processes the application immediately and mails a Reject 16 SAR. If the record indicates that a printer was available, the CPS holds the transmission for up to 14 calendar days while waiting for a Signature Page. If a signature is not received in 14 days, the CPS processes the record and sends a Reject 16 SAR. A Reject 16 SAR will not have a calculated EFC, and on this type of SAR **only**, Part 2 will contain the full Certification Statement that appears on the FAFSA.

To receive an EFC calculation, the student must sign Part 2 of a Reject 16 SAR and return it to the FAFSA processor's address indicated on the SAR. The student can also make other corrections to the Reject 16 SAR at the same time, if necessary. By signing and returning the certification statement along with the application data, the student completes the application process. Note that Reject 16 may appear with other rejects or highlighted data requiring correction or verification.

When the student mails in a Signature Page, an EFC can be calculated.

Reject 15 SARs — Renewal FAFSA on the Web

As explained in 1999-2000 Action Letter #1 (GEN-98-19), students who receive a paper Renewal FAFSA from their schools or from the Department may be able to apply using Renewal FAFSA on the Web. A student must reside at the address that is currently in the applicant database, and can request an Electronic Access Code (EAC) at the Department's web site: http:\\www.fafsa.ed.gov beginning November 24, 1998. With the EAC, a student may access his or her 1998-99 application information, respond to the required Renewal FAFSA questions, update or correct any of the previous information, and transmit the 1999-2000 Renewal Application through the Internet.

For an independent student, the EAC serves as signature and certification, eliminating the need to print and mail a signature page to complete the application process. For a dependent student, the EAC also serves as the student's signature and certification, but this student must provide a parent's signature to complete the process.

The Signature Page process for Renewal FAFSA on the Web (dependent student) will work exactly as the process previously described for FAFSA Express and FAFSA on the Web except the student does not need to sign a Signature Page. If a printer is available, the dependent student may print out a Signature Page, obtain the parent's signature, and mail it to the Processor. The transmitted application is held up to 14 days while waiting for a Signature Page. If a signature is not received in 14 days, the CPS processes the record and sends a Reject 15 SAR (Reject 15 is used when the parent signature is required, but missing from an application or SAR). The dependent student's parent must sign and return the Reject 15 SAR to complete the process for Renewal FAFSA on the Web.

If a printer is not available, the student will indicate this on the electronic transmission. The CPS will process the record immediately and send a Reject 15 SAR.

SAR Part 2 General Information

On the last page of Part 2, we print important information and instructions for all students on a page headed "Instructions and Codes."

One of the FAFSA questions, Type of degree/certificate, requires the student to enter a code number rather than a literal response. To assist students in correcting this field, the instruction page provides a code list for the question.

If corrections are not necessary, the student may retain Part 2 as a summary of the application questions and responses.

School Code Corrections

There are a number of ways students can correct the school codes listed on their record to replace or add additional schools. On the SAR, the student can correct any of the six school code fields and the new code will be added in the position in which it was entered on the SAR. If the student chooses a position that already has a school code in it, the previous code will be replaced by the new school code. The same results will occur if the school correction is made using EDExpress or if the request is made over the telephone through the Federal Student Aid Information Center. However, if the correction is made using EDExpress, the processing system will not process a change that will eliminate the school that transmitted the correction from the student's record.

If the student makes a school code change by using the Address/School Change Form or writing a letter and sending it to the MDE, only the schools listed on the Change Form or letter will appear on the resulting SAR/ISIR. All of the previous schools will be deleted.

School Use Only Box

An aid administrator can perform a dependency override from dependent to independent on the SAR by using the "School Use Only" box at the end of Part 2 (see illustrations, next page). This box is designated "Professional Judgment" to identify the two types of professional judgment actions a financial aid administrator may perform on a SAR: a dependency override or FAA EFC Adjustment.

To perform a dependency override, the FAA fills in the oval marked "1" on the line labeled D/O (Dependency Override), fills in the school's six-character Federal School Code, and signs in the signature space. Dependency overrides can be performed on either the IRVF or the IRQF as well as on the FAFSA or Renewal Application. The SAR also allows an FAA to cancel a dependency override by filling in oval "2" in the D/O section, and providing the Federal School Code and a signature.

As previously discussed, the Dependency Override indicator in the FAA Information section will contain this information: a "Y" if an override from dependent to independent was performed (comment 164 is triggered); an "N" if a dependency override was cancelled (comment 165 is triggered); and "blank" if no action was taken.

If a dependency override action is not performed correctly, the student receives comment 46.

Dependency Status Changes in the Electronic System

The EDExpress software provides a dialogue box following the student status questions, and asks whether a dependency override will be performed. At this stage, an FAA may enter the code to perform the override from dependent to independent and subsequent screens will bring up only those questions the independent student must answer.

The other type of Professional Judgment that may be performed using the School Use Box is a professional judgment adjustment indicating that the FAA used professional judgment to make changes to one or more data elements. To indicate the adjustment, the FAA would fill in the oval marked "FAA EFC Adjustment," provide the Federal School Code and a signature.

When a professional judgment request is processed, the resulting SAR or ISIR carries a flag of "Y" in the "FAA EFC Adjustment Request" location and a comment (#27) stating that the record resulted from a professional judgment action. The Information Request Form on a rejected SAR (shown on the next page) does not allow this type of professional judgment adjustment because the student has not received an EFC.

APPENDIX A — Reject Codes and Reject Reasons

Reject Reason Codes

Reject reason codes can be either alpha or numeric. Alpha codes indicate reject reasons that are verifiable—that is, the student can verify the questionable data by re-entering the same value, or can correct it to a different value. Numeric codes are not verifiable—the questioned data must be changed or provided. In all reject situations, the questioned information is highlighted on the SAR and an EFC is not calculated.

A "verify" action on the SAR will override a CPS edit. For example, if a student reports an exceptionally large number of family members, e.g., 20 in the family, the student's application will get Reject W. The student can verify the information by correcting the item to the same value, return the SAR for reprocessing, and Reject W will not be triggered again. However, if instead of verifying that 20 in the family is correct, the student changes the 20 to 21, the corrected data will be subject to the same edits and will hit Reject W again.

In EDExpress, an FAA can override a verifiable reject (except Reject P) before transmitting the student's data to the CPS if the FAA knows that the reported information is correct. In FAFSA Express and FAFSA on the Web, the student can also override the reject by verifying the information they have entered.

Reject codes and reasons, and their associated SAR comment codes, are listed here in priority order. If a student is rejected for more than one reason, the reject codes will appear in the FAA Information Box in priority order. The resolution for a rejected SAR is always the responsibility of the student, not the institution, and the SAR comment generated by the reject explains what action the student must take.

19	8, 9, 18, 56	Student on verification or drug abuse hold file

APPENDIX B — Data Base Matches and Match Flags

As we did in 1998-99, we are providing an expanded chart to show match flags for all the matches, the reasons associated with these match results, the number and text of the SAR/ ISIR comment that is triggered, and information on what action the institution needs to take when resolution of a match problem is required.

For the NSLDS match, we have also shown the relationship between the NSLDS Match Flag and the NSLDS Results Flag. For further information on the NSLDS Financial Aid History Information Summary that appears on the SAR and ISIR, and details about the changes made to this information for 1999-2000, see Appendix C.

How to Use the Chart

The information is provided for you to use as a quick reference. The *SFA Handbook: Student Eligibility* contains more detailed information about student eligibility and the action needed to resolve discrepancies found in the data matches.

A flag of "C" is an indicator that institutional resolution is required. The "C" flag will be printed on the SAR next to the EFC if any of the conditions described in the chart are met.

NOTE: Some of these conditions (as indicated) will generate a rejected record. An EFC does not print on rejected records. Therefore, although resolution is required, a "C" code will not be printed on the SAR.

An asterisk (*) indicates that a match flag value is not generated for cases that were not/could not be sent to the matching agency.

INS did not confirm applicant's non-citizen eligibility.	**144** The Immigration and Naturalization Service (INS) did not confirm your statement that you are an eligible non-citizen. You must submit proof of your non-citizen eligibility to your school within 30 days after you give this SAR to your school. If you fail to submit proof within 30 days, you may be found ineligible for Federal student aid.	Resolution required. **Secondary confirmation required.** School should send copies of the documents student provides to the INS with a G-845S so that INS can determine if the student is an eligible non-citizen. Once the G-845S is returned by INS, see "Secondary Confirmation" section in the *SFA Handbook: Student Eligibility*.
Reject 17	blank*	Match not conducted. Applicant did not indicate citizenship status.	**068** You did not indicate on your application that you are a U.S. citizen or an eligible non-citizen. To be eligible to receive Federal student aid, a student must be -- (1) A U.S. citizen (or U.S. National), or (2) An eligible non-citizen, such as a U.S. permanent resident or a resident of certain Pacific Islands, or (3) An eligible non-citizen as determined by the Department of Education	If student failed to indicate citizenship, INS match was not conducted. However, match was still conducted with SSA to determine citizenship. If SSA Citizenship flag indicates that the student is a U.S. Citizen, record will not be rejected. No resolution is required, but student should correct Item 14 to reflect that student is U.S. Citizen/National. If SSA does not confirm that student is a U.S. Citizen, student will receive reject 17 and resolution will be required. If student is an eligible non-citizen, student should correct citizenship in question 14 to indicate eligible non-citizenship status AND should provide an Alien Registration Number. Student's record will then be sent to the INS match to determine if the student is an eligible non-citizen. Once the corrected SAR is returned, review the INS match flag to determine student's citizenship status.

C code	blank*	Match not conducted. Applicant changed from eligible non-citizen to citizen or changed Alien Registration Number.	**141** You changed your response to citizenship or you changed the alien registration number verified with INS. You must submit proof of your citizenship status to your FAA.	Resolution required. Determine why student changed citizenship status and resolve any conflicting information. Student may need to submit proof of citizenship depending on reason for change.
C code	blank*	Match not conducted. Student didn't provide Alien Registration Number or provided invalid Alien Registration Number.	**142** The Immigration and Naturalization Service (INS) could not confirm your statement that you are an eligible non-citizen because there is a question about your alien registration number. You must submit proof of your non-citizen eligibility to your school within 30 days after you give this SAR to your school. If you fail to submit proof within 30 days, you may be found ineligible for Federal student aid.	Resolution required. If student failed to provide Alien Registration Number or provided an invalid Alien Registration Number, *do not perform secondary confirmation.* Instead, help student make corrections to the SAR/ISIR and resubmit for processing. If student provides adequate information to conduct match, record will be sent back to INS for matching. Review match flags on subsequent transactions for updated match flag.

	A or blank	Match conducted. SSA confirmed U.S. Citizenship status	No comment.	No resolution required.
C code	B, C, D, E, F, or *	Match conducted. SSA did not confirm U.S. citizenship status.	**146** We sent your application to Social Security Administration (SSA) to verify your citizenship status. The SSA did not confirm that you are a U.S. citizen. You need to provide your school with documentation of your citizenship status before you can receive Federal student aid. If you are an eligible non-citizen, you must correct item 14 on this SAR and provide your Alien Registration Number if necessary.	Resolution required. If student is a U.S. Citizen, student should provide birth certificate, passport, or other documents that definitively prove citizenship. Voter registration cards are not adequate proof of citizenship since many localities do not require proof of citizenship. If student is an eligible non-citizen, student should correct Item 14 to indicate that the student is an eligible non-citizen and Item 15 to indicate a valid Alien Registration Number. If student already provided this information on the FAFSA or SAR, determine if student was sent to INS for matching. If student was successfully matched with the INS as being an eligible non-citizen, we will suppress comment 146 and no further resolution is necessary. Note: A match flag of * (asterisk) generally indicates that the student was born in a foreign country to American parents that were stationed in another country (e.g., military, State Department, or Foreign Service). These students generally have a birth certificate indicating that they are U.S. Citizens that were born abroad. The Social Security Administration will not update this flag and the financial aid administrator should document the information in the student's record.

C code	N	Match conducted. SSA unable to verify citizenship because there was no match on SSN, name, or date of birth.	**062** In addition, the Social Security Administration could not confirm your claim of citizenship because of questions about your social security number, name, or date of birth.	Resolution required. Help student make corrections to social security number, name, or date of birth if necessary so that the student's record can be sent back to SSA for matching. Review subsequent transactions for updated match flag. Note that if the SSN was incorrect, the student may correct the SSN on the SAR/ISIR. If this is done, the student's original SAR ID will not change, but the current SSN reported in field 8 will be changed to reflect the corrected SSN. Alternatively, the applicant may file a new FAFSA under the correct SSN. This FAFSA will be treated as an original application and will be sent through all of the matches as if another FAFSA was never completed. The SAR ID will be the same as the SSN reported on this application. If the student believes the information reported on the application is correct, student should contact the Social Security Administration. Obtain documentation from the student that clearly proves that the student is either a citizen or eligible non-citizen.

Department of Veterans Affairs Veteran Status Match

	1	Successful match.	No comment.	No resolution required.
C code	2	Match conducted. Dependent and record found on VA database but not a qualifying Veteran.	**162** The Department of Veterans Affairs (VA) did not confirm that you are or will be a qualifying veteran for receiving Federal student aid for the 1999-2000 school year. If this is correct, your parents' information in Step Four on Part 2 of your SAR must be completed. If it is not, you must provide the information and you and your parent must sign the Certification statement. If this is not correct, you must contact a VA office to resolve this problem.	Resolution required. In this situation, CPS assumes "No" to this question. The student would have qualified for Independent status if the response to this question remained "Yes", so it is possible that parents data and signature were not provided. If this is the case, Reject 15 and/or Reject 2 would also be present on the SAR/ISIR. If the student believes the match results are in error, the student should contact a regional VA office to have VA records updated. The student will then need to correct the VA status question to "Yes" which will generate a history correction that will be sent to VA for rematching. The student may provide the DD214 form showing that the terms of the separation from military service are under honorable conditions and separation reason is satisfactory. However, until the information is corrected in the VA database, the match results will not change. While the student is resolving the discrepancy with the VA, the financial aid administrator may collect documentation from the applicant that clearly demonstrates that he or she is a veteran of the U.S. Armed Forces. If the documentation confirms that the student is a veteran, the financial aid administrator may perform a dependency override, changing the student's dependency status from dependent to independent. Title IV aid may then be disbursed to the student.

If this is not correct, you must contact a VA office to resolve this problem.	No resolution required. In this situation, CPS assumes "No" to this question. However, the student qualifies for Independent status based on the response(s) to other student status questions. The student may contact a regional VA office to have VA records updated. The student could then correct the VA status question to "Yes" which will generate a history correction that will be sent to VA for rematching. You should review your name, SSN, and date of birth and work with your FAA to resolve discrepancies.	Resolution required. Determine if the NSLDS record is that of the applicant, by accessing NSLDS online using SSN only to retrieve the matching data. APPENDIX C
NSLDS FINANCIAL AID HISTORY/NSLDS MATCH FLAGS

NSLDS Financial Aid History 1999-2000

Changes to NSLDS data since previous Prescreening

An indicator will inform schools where NSLDS information provided on a SAR/ISIR has changed since the last CPS transaction. A "#" sign will print in front of the status field for Overpayments, Defaulted Loans, Discharged Loans, Loan Satisfactory Repayment Arrangements, or Active Bankruptcy if there has been a change in that status since the last CPS transaction.

The "#" sign will also print in front of the Aggregate Amount for FFELP/Direct Loans, Cumulative Perkins Loans, or the 1999-2000 Pell Payment Data sections when information within that section has changed since the last CPS transaction. Finally, a "#" sign will print in front of each reported loan in the Loan Detail section when there has been a change to some field related to that loan since the last CPS transaction.

Flags (Upper Section)

All flags at the top of the Financial Aid History page will display a value of either "Y" for Yes or "N" for No. The Overpayment flag may also display a value of "S" when satisfactory repayment arrangements have been made. The Contact field for each Overpayment flag will display a school code (OPEID), ED Debt Collection Service Region code, N/A (when no overpayments exists), or "Access NSLDS" if there is more than one overpayment for a specific aid type (Pell, FSEOG, Perkins).

The ***"Discharged"*** loan flag reflects the status of any loan discharged due to disability or death. If this flag is present, the "C" flag is set on the SAR/ISIR and a comment will be given.

The ***"Loan Satisfactory Repayment Arrangements"*** flag reflects the status of loans with a "DX" (Defaulted, satisfactory arrangements made including six consecutive monthly payments). If this flag is set to "Y" a comment will be included on the SAR/ISIR informing the student and the school of that status, but no "C" flag will be set.

Aggregate Amounts for FFELP/Direct Loans Section

The ***Unsubsidized Loans*** field has been deleted and replaced with a *Combined Loans* field, which reflects the total amount of subsidized and unsubsidized loans the student has borrowed. This change is consistent with guidance provided in Dear Colleague Letter, GEN-97-3, which was published in May 1997. In addition, the *Consolidated Loans* field has been renamed *FFEL Consolidated Loans*, and will only include amounts of FFEL Consolidated Loans. Direct Consolidated Loan amounts will be reported in the *Subsidized* and *Combined* fields based upon the underlying loans that were consolidated.

Pell Payment Data Section

Pell Grant data will show current award year (1999-2000) payment information as reported by schools to the Recipient Financial Management System (RFMS). Information for up to three disbursements will be displayed. This information will include: School Code, Transaction Number, Scheduled Award, Disbursed Amount, Remaining Amount To Be Paid, Percent Scheduled Used, and Date of Last Activity. The EFC and Verification Flag have been added to this section for 1999-2000. A message instructing the school to access NSLDS for additional Pell Grant data will display when the student has more than three payment records.

Loan Detail Section

The information appearing for each loan in the Loan Detail section is as follows: Loan Type, Net Loan Amount, Loan Begin Date, Loan End Date, GA Code, School Code, Grade Level, Contact, Contact Type, Current Status Code, Current Loan Status Date, Outstanding Principal Balance and Outstanding Principal Balance Date. If there is no information to report, "N/A" will be displayed.

If a loan is in default, the loan status code will be in **bold** on the SAR. The "Loan Detail" section will display up to twelve open loans (including Perkins Loans), sorted by "Loan Begin Date." The loans are chosen without regard to their current loan status.

A "Contact Type" is included for each loan. The contents of the "Contact Type" field will be "SCH" for School, "LEN" for Lender, "DLS" for Direct Loan Servicer, "EDR" for ED Region, "GA" for Guaranty Agency, or "N/A" for not applicable. Information about whom to contact for each loan in a default status will be included in the comment text.

NSLDS Postscreening

As in 1998-99, we will help schools identify any student whose eligibility for federal student aid may have changed subsequent to the last time a SAR/ISIR transaction was produced. NSLDS will periodically scan its database to find cases where a student's eligibility status has changed because the student (1) entered default on a Title IV loan that was previously not in default, (2) cleared a previously reported default of a Title IV loan, (3) became obligated for a new overpayment of a Title IV grant or loan, or (4) cleared an overpayment obligation of a previously reported Title IV grant or loan. When any of these situations occurs, the CPS will system generate a new SAR/ISIR transaction that will include, as part of the NSLDS Financial Aid History section, the changed information. These transactions will include a "system generated" flag of "N" (for "NSLDS") and a special SAR/ISIR comment (comment 004) that will inform the student and the school that a change in NSLDS is being reported that may affect the student's eligibility for Title IV aid. A new message class will be used for system generated ISIRs in 1999-2000.

Schools must act on the updated information they receive regarding a change in a student's eligibility for Title IV aid and must ensure that a student remains eligible for payment; otherwise, the school will be liable for improperly disbursed funds.

Please note that the status changes reported on a 1999-2000 SAR/ISIR may have a bearing on eligibility for payments to the student during the 1998-99 award year.

If the school has already disbursed funds to a student who is found to be ineligible, the school must contact the student to make arrangements for repayment. If the student has received an FFEL loan, the school must notify the lender. If the student has received a Federal Direct Loan, the school must notify the Direct Loan servicer.

Please refer to the Federal Student Aid Handbook for 1999-2000, Dear Colleague Letter GEN-96-13, and Dear Colleague Letter GEN-98-6 for additional discussion of NSLDS information and applicable school requirements.

SAR ACKNOWLEDGEMENT

Student's Comment Text

01 We have processed your application for Federal student aid, or the correction that you submitted electronically through your school. On the back of this page we printed the information we received and a summary of the results of processing that information. We may have assumed certain information to calculate your eligibility for Federal student aid. We printed any assumptions we made and the word "assumed" for those items on the back of this page. Contact your Financial Aid Administrator (FAA) if:

- the assumptions we made are not correct,
- you need to make other corrections,
- we indicate below that we need more information to determine your eligibility,
- we indicate below you are selected for verification, or
- we indicate below you must work with your FAA to resolve some eligibility issues.

02 You need to give us more information before we can determine your eligibility for Federal student aid.

03 If all the information on this Student Aid Report is correct, you may be eligible to receive a Federal Pell Grant and other Federal student aid in 1999-2000. Your FAA will determine whether you meet all other requirements to receive aid. The amount of aid will depend on the cost of attendance at your school, your enrollment status, Congressional budget restrictions, and other factors.

04 You are not eligible for a Federal Pell Grant because you reported that you have a Bachelor's degree or are a graduate/professional student. However, you may be eligible for other types of aid.

05 Based on the information you gave us, you are not eligible for a Federal Pell Grant. However, you may be eligible for other types of aid.

06 Your application has been selected for review in a process called verification. You must submit to your school signed copies of certain 1998 documents.

07 You must work with your FAA to resolve data matching issues that resulted from processing your application before the FAA can determine if you are eligible to receive Federal financial aid.

08 You must resolve some issues before we can determine your eligibility for Federal student aid. Unless you are completing verification, it may be too late for you to make corrections or give us any more information this year. If you are still completing verification and you need to correct your Student Aid Report (SAR), contact the FAA at your school for assistance. We must have your corrected SAR no later than August 15, 2000.

44 We could not process your FAA's request for an ADJUSTMENT to your Expected Family Contribution (EFC). Either you did not provide corrections to your financial information, or your FAA did not complete the School Use Box on Part 2 of your SAR. As a result, we only made changes to your name and address if requested. No changes to financial information were made. Contact your FAA for further assistance.

45 This SAR contains information that was corrected from your previous SAR. Your Financial Aid Administrator provided a signature and/or a Federal School Code number in the School Use Only box, but did not check the box to request a professional judgment adjustment. Therefore, we cannot determine whether the changes made were student corrections or FAA adjustments.

46 We could not process your FAA's request to perform or cancel a DEPENDENCY OVERRIDE. Your FAA did not provide the necessary information. Contact your FAA for further assistance.

47 We need you to give us more information so that we can determine your eligibility for Federal student aid. REVIEW ALL OF THE INFORMATION on Part 2, the Information Request Form, and respond to each of the items in bold. After making all necessary corrections, you and your parent must sign the Certification at the end of Part 2. You may take Part 2 of your SAR to one of the schools you have listed on the SAR to have the FAA submit your corrections electronically. Or, you may send Part 2 of your SAR to the address next to the Certification (keep all other parts for your records). You will receive a new SAR in about 4 weeks.

55 Your denial of benefits under the Anti-Drug Abuse Act of 1988 has been resolved and processing of your student aid application may continue. However, you must submit documentation to your FAA from the Department of Education's Drug Enforcement and Compliance Monitoring Office that shows what aid you may be eligible to receive.

56 Your application cannot be processed because our records indicate that you are currently being denied aid from one or more Title IV Federal assistance programs by court order under terms of the Anti-Drug Abuse Act of 1988. If you wish to contest this finding, contact the Specialist for Drug Enforcement and Compliance Monitoring, U.S. Department of Education, 202-260-9988, within 30 days after the date you submit this SAR to your school.

57 We forwarded your name to Selective Service for registration, as you requested. However, Selective Service did not complete registration for you because you did not answer "Yes" to Item 28. If you are male and have not yet registered, you may register by answering "Yes" to both Items 28 and 29 on your SAR. You may also register by obtaining and completing a Selective Service Registration form, available at your local post office.

59 We could not determine from the Social Security Administration if the social security number you reported belongs to you because you did not give us your last name or date of birth. Correct Items 1 and/or 9 on your SAR.

60 The date of birth you reported on your application is inconsistent with the Social Security Administration's records.

61 According to Social Security Administration (SSA) records, the name you reported on your application does not correspond with the social security number you provided in Item 8. You should review Items 1, 2, 3, and 8 on this SAR. If all of these items are correct, you must contact an SSA office to resolve this problem. If you find that any of these items are incorrect, you should make corrections on your SAR where appropriate.

62 In addition, the Social Security Administration could not confirm your claim of U.S. citizenship because of questions about your social security number, name, or date of birth.

63 As we have indicated on your previous SAR, the date of birth you reported on your application is inconsistent with the Social Security Administration's records.

64 As we have indicated on your previous SAR, the name you reported on your application does not correspond with the social security number you provided in Item 8. We have processed your application for Federal student aid, or the correction that you submitted electronically through your school. On the back of this page we printed the information we received and a summary of the results of processing that information. We may have assumed certain information to calculate your eligibility for Federal student aid. We printed any assumptions we made and the word "assumed" for those items on the back of this page. Contact your Financial Aid Adminstrator (FAA) if:

- the assumptions we made are not correct,
- you need to make other corrections,
- we indicate below that more information is needed to determine your eligibility,
- we indicate below you are selected for verification, or
- we indicate below you must work with your FAA to resolve some eligibility issues.

If all the information on this Student Aid Report is correct, you may be eligible to receive a Federal Pell Grant and other Federal student aid in 1999-2000. Your FAA will determine whether you meet all other requirements to receive aid. The amount of aid will depend on the cost of attendance at your school, your enrollment status, Congressional budget restrictions, and other factors.

INSTRUCTIONS AND CODES

HELPFUL HINTS:

Use the following checklist to ensure you've done everything necessary in order to apply for Federal student aid.

☐ Read all the comments on Part 1 of your SAR. This will help you to correct any information we had questions about when we processed your financial aid application.

☐ Review ALL the items on Part 2 of your SAR to make sure that the information is correct. Follow the instructions at the top of Part 2.

☐ If you need to make corrections or respond to boldface items, contact your financial aid office to determine if your school can submit these corrections electronically. Electronic processing is faster.

☐ If you've made any corrections on this SAR that need to be processed, you (and your parent, if necessary) must sign the certifications located on the last page of this SAR and return your SAR to Federal Student Aid Programs, P.O. Box 7023, Lawrence, KS 66044-7023. Keep a copy of your SAR for your records.

☐ If you believe we entered your data incorrectly, contact the Federal Student Aid Information Center on 1-800-4FED-AID (1-800-433-3243). The information specialist will determine if we made a data entry error. If so, the specialist may be able to correct your data over the phone.

☐ If you (and your family) have unusual circumstances, such as tuition expenses at an elementary or secondary school, unusual medical or dental expenses not covered by insurance, a family member who recently became unemployed, or changes in income or assets that affect your eligibility for financial aid, contact your financial aid office.

☐ Do not send any documentation (including tax forms) to the address next to your signature. This documentation will be discarded. If your financial aid administrator (FAA) requests documentation, send it directly to the financial aid office.

☐ If you only need to change your address or change the schools you have listed, you can make these changes over the telephone by calling 1-319-337-5665. Only you (the applicant) can make this request and you must have the Data Release Number (DRN) that is printed on Part 1 and Part 2 of your SAR when you call.

Read this letter carefully and review each item on Part 2 of this Student Aid Report (SAR). Follow the instructions at the top of Part 2 and in the Free Application for Federal Student Aid (FAFSA) instructions to help you make corrections. If all the information on your SAR is correct, you do not need to return it to the Federal Student Aid Programs. For additional help with your SAR, contact your Financial Aid Administrator (FAA) or the Federal Student Aid Information Center at 1-800-4FED-AID (1-800-433-3243).

We have applied a formula to the information from the form you submitted. The result of this formula will be used by your school to determine your eligibility for most types of Federal student aid. See your FAA to determine what types of student aid you may be able to receive. Based on the information you gave us, you are not eligible for a Federal Pell Grant. All the schools listed on this SAR will receive an electronic report of your financial aid information. Unless a school informs you otherwise, you do not need to submit this SAR to any school. Keep the SAR in case you need to make corrections, or if you decide to attend a school that is not listed.

Based on the information you provided on your application, we had to assume certain information to calculate your eligibility for Federal student aid. We printed the assumption we made and the word "assumed" in the "You told us" column for each of these items. If these assumptions are correct, do not change them.

Be sure to review the items in boldface type on Part 2 of your SAR and make any corrections if necessary.

Your application has been selected for review in a process called verification. You must submit to your school signed copies of certain 1998 financial documents for you (and your spouse). Contact your FAA to find out which documents are required.

According to Social Security Administration (SSA) records, the name you reported on your application does not correspond with the social security number you provided in Item 8. You should review Items 1, 2, 3, and 8 on this SAR. If all of these items are correct, you must contact an SSA office to resolve this problem. If you find that any of these items are incorrect, you should make corrections on your SAR where appropriate.

In addition, the Social Security Administration could not confirm your claim of U.S. citizenship because of questions about your social security number, name, or date of birth.

(letter continued on next page)

This section contains information from your student aid application (shaded items display parents' information, if provided). Use the Information Review Form (Part 2 of your SAR) to correct this information. Do not make corrections on this page; it is for your files.

Read this letter carefully and review each item on Part 2 of this Student Aid Report (SAR). Follow the instructions at the top of Part 2 and in the Free Application for Federal Student Aid (FAFSA) instructions to help you make corrections. If all the information on your SAR is correct, you do not need to return it to the Federal Student Aid Programs. For additional help with your SAR, contact your Financial Aid Administrator (FAA) or the Federal Student Aid Information Center at 1-800-4FED-AID (1-800-433-3243).

We could not process your application or the SAR corrections you submitted because your parent did not sign your application or your SAR. You and your parent must sign the Certification at the end of Part 2 of this SAR, make any necessary corrections, and return Part 2 to the address next to the Certification. If your parent is not able to sign, see your FAA or High School Counselor.

You reported in Item 31 that you were an undergraduate student. This conflicts with the information you reported in Items 33 and/or 54.

Your answers to Items 33 and 54 do not appear to agree. Please review your answers to Items 33 and 54 and make any corrections if necessary. Then see your FAA to determine what types of aid you may be able to receive.

You did not tell us your state of legal residence. To calculate your eligibility for Federal student aid, we assumed that your state of legal residence is the same as your mailing state (for independent students) or your parents' state (for dependent students whose mailing state is blank). If this assumption is wrong, correct Item 25 by entering your two-character state code.

Read this letter carefully and review each item on this Institutional Student Information Record (ISIR). You may submit corrections to the information by following the instructions given to you by your Financial Aid Administrator (FAA).

We have applied a formula to the information from the form you submitted. The result of this formula will be used by your school to determine your eligibility for most types of Federal student aid. See your FAA to determine what types of student aid you may be able to receive. Based on the information you gave us, you are not eligible for a Federal Pell Grant. All the schools listed on this ISIR will receive an electronic report of your financial aid information. Unless a school informs you otherwise, you do not need to submit this ISIR to any school. Keep the ISIR in case you need to make corrections, or if you decide to attend a school that is not listed.

Based on the information you provided on your application, we had to assume certain information to calculate your eligibility for Federal student aid. We printed an asterisk (*) next to the items containing assumed information. If these assumptions are correct, do not change them.

Be sure to review the items marked with an "h" or an "*" on your ISIR and make any corrections if necessary.

Your application has been selected for review in a process called verification. You must submit to your school signed copies of certain 1998 financial documents for you (and your spouse). Contact your FAA to find out which documents are required.

According to Social Security Administration (SSA) records, the name you reported on your application does not correspond with the social security number on this ISIR. You must review "Name" and "Social Security Number" under Step One. If all of these items are correct, you must contact an SSA office to resolve this problem. If you find that any of these items are incorrect, you should correct this ISIR where appropriate.

In addition, the Social Security Administration could not confirm your claim of U.S. citizenship because of questions about your social security number, name, or date of birth.

(letter continued on next page)

(letter continued)

The National Student Loan Data System (NSLDS) confirmed that you have made satisfactory arrangements to repay your FSEOG overpayment. Your FAA may contact the school associated with the overpayment for additional information.

Our records indicate you have one or more student loans discharged because of a total and permanent disability. Before you can receive additional Federal student loans, you must see your FAA.
